

**School of Science and Technology**  
**Health Professions Advisory Program**  
**GPA Calculation Form**

Date submitted: \_\_\_\_\_

Applicant's Name: \_\_\_\_\_

**Semester Credit Hours and GPA Calculation**

Using transcripts or grade reports, please use the following instructions to calculate your GPA. Starting with the freshman year, enter each course under the appropriate heading (BCPM= Biology, Chemistry, Physics, Math or AO= All Others). Determine the Grade Point for each Letter Grade from the conversion chart below, multiply that Grade Point by the number of Semester Units to get the Weighted Grade Point for each course. Total the Semester Units and the Weighted Grade Point, then transfer totals to the small matrix, to compute the TOTAL Semester Hours and GPA for each Academic Level.

**Semester vs Quarter units:** If you took courses at schools using the quarter system, convert the quarter units to semester units by multiplying the quarter units by .667 and round to one decimal place.

Grading Systems Conversion of Letter Grade to Grade Point:

Letter Grade	Grade Point
A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
D-	0.7
F	0.0

*If you repeat a course at SSU, your GPA from Admissions and Records may reflect only the higher grade. However, some health professions schools do not allow you to substitute the higher grade if you repeat a course. Therefore, in doing the GPA calculations for health professions schools, if you repeat a course you must enter the grade for each time you took the course. For the purposes of health professions school applications, the HPAC requires you to report ALL course attempts and grades on the attached sheets.*

Complete each year's calculations and then report the Total in the space below. Include copies of all transcripts (unofficial is OK) and/or grade report forms along with this form for evaluation.

**Total for All Years:**

	Total Weighted Grade Point		Total Semester Units	=	GPA
<b>BCPM</b>	_____	÷	_____	=	_____
<b>AO</b>	_____	÷	_____	=	_____
<b>Overall Total</b>	_____	÷	_____	=	_____
